<b>Artist Country:</b>	Belgium
<b>Language(s):</b>	English
<b>Description</b>	<p>Loneliness is a stone-cold killer. Without friendship, we are scared creatures lost in our little bubble. We so desperately long to share feelings and experiences.</p> <p>'You're not alone' by Eric Geurts revolves around this theme. In a - at least at first hearing - winsome ballad with beautiful guitar lines and a lovely wobbling chorus, the lyrics tell about the need for friendship, love and compassion. In 1974, John Lennon sang: 'Nobody loves you when you're down and out'. Lennon's soul haunts this song, but unlike the rather cynical Lennon song, 'You're not alone' sounds like an ode to friendship, to compassion in these lockdown times when much human suffering takes often strike deep wounds into our very souls. Friendship is a verb, it breaks through self-centeredness.</p> <p>For those who doubt it all too often: 'You're Not Alone'... Somewhere there is someone who cares about you and sings this song for you!</p>

## Lyrics

### [verse 1]

I know it's kinda late  
and I'm sorry I can't wait  
But I'm afraid to fall  
Feel like a spider on the wall  
Another rainy day  
This pain won't go away  
So I'm calling you, my friend  
I just need a helping hand

### [prechorus]

Don't you ever feel  
that living's an ordeal?  
Darkness, never sun...  
or am I the only one?

### [chorus]

I'm sorry I haven't been much around  
but I'll be there when the sun goes down  
Don't stay in a world of your own  
I'm your friend, you know you're not alone  
They say nobody loves you when you're down and out  
But I'm on the rooftops to shout it out loud  
Don't stay in a world of your own  
I'm your friend, you know you're not alone

### [verse 2]

A crazy world out there  
much more than I can bear  
Nobody wants you  
when you're down, so what about you?  
I know I got to be strong  
Losers are always wrong  
So I've come to you, God  
with all the love I've got

### [prechorus]

Don't you ever feel  
you're slipping off the reel?  
Like you're really done?  
or am I the only one?

### [chorus]

I'm sorry I haven't been much around  
but I'll be there when the sun goes down  
Don't stay in a world of your own  
I'm your friend, you know you're not alone  
They say nobody loves you when you're down and out  
But I'm on the rooftops to shout it out loud  
Don't stay in a world of your own  
I'm your friend, you know you're not alone

### [bridge]

And I'd really like to know  
Do you turn off the radio  
When they play this song?

**[solo]**

**[prechorus]**

Don't you ever feel  
that living's an ordeal?  
Darkness, never sun...  
or am I the only one?

**[chorus]**

I'm sorry I haven't been much around  
but I'll be there when the sun goes down  
Don't stay in a world of your own  
I'm your friend, you know you're not alone  
They say nobody loves you when you're down and out  
But I'm on the rooftops to shout it out loud  
Don't stay in a world of your own  
I'm your friend, you know you're not alone
