## Lyrics

It was midnight on that floating dock  
Legs hangin' over the side  
and the water was smooth, held the stars and moon  
like it was jealous of the sky  
It was getting late and I felt like time  
wasn't being a friend to me  
So, I leaned in close and when I stole  
a kiss I couldn't believe

Just like that water and light  
When love hit you just right  
I could see

You got the same kind of shine  
Dancin' there inside your eyes  
I wanna dive in for the rest of my life  
Baby shine

Even though that summer's gone  
I'm still lit up inside  
Yeah, there's no doubt it'll never burn out  
Some things you just can't hide  
'cause here we are now all curled up  
in front of the fireplace  
And I'm speechless again cause the glow on your skin  
seems to get brighter every day

Girl you fight back the dark  
like a flame in my heart  
I can see

You got the same kind of shine  
Dancin' there inside your eyes  
I wanna dive in for the rest of my life  
Baby shine

Yeah, it hits you like a spotlight  
just like the stars on the water that night  
Girl you fire me up inside  
You got the same kind of shine

Like a diamond ring in the sun  
Or like the sky when the day is done

You got the same kind of shine  
Dancin' there inside your eyes  
Baby shine  
I wanna dive in for the rest of my life  
Baby shine (shalalala)  
Yeah, it hits you like a spotlight  
Baby shine (shalalala)  
Girl you fire me up inside  
You got the same kind of shine  
(shalalala shalalala shalalala...)
